DETAILED ACTION

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance as per claims 1-2 and 31: none of the prior provide there is no disclosure or teaching of the generation or use of indirect texture coordinates or interleaving indirect and direct texture coordinates during the processing of texture coordinates for texture lookups.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. DORBIE et al, US Patent No. 6,466,223 use indirect texture table entries and direct texturing (col 7, lines 49-56), however, does not teach or suggest, anticipate or combine with prior art to overcome claims 1-2 or 31 as claimed.
